- T-shirt designs
- Buttons/other merchandise

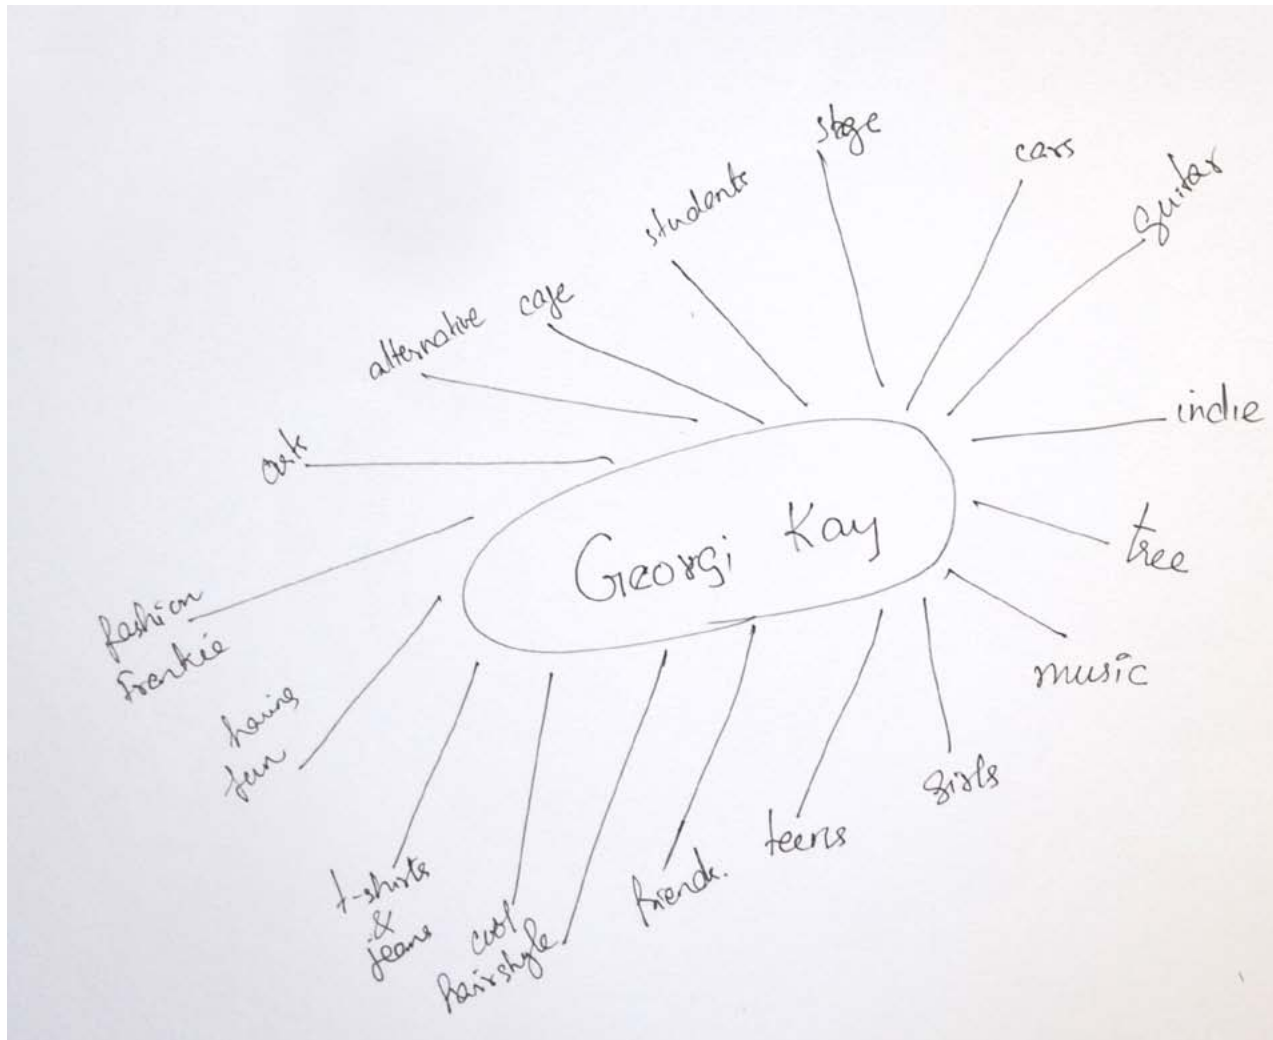

The goals of this project are to illustrate and promote an image for the artist. As a new/young artist, she has not yet defined a specific image for herself. This project aims to create an image to promote herself and her music, particularly in support of her regional tour in June. This will be promoted through posters and press advertisements, and if possible, t-shirts and other merchandise.

Hi guys,

As I kind of anticipated (and warned you guys about) there has been some changes regarding this project. I am no longer managing Georgi Kay so we will have to switch to Hand Stands for Ants. Hopefully you haven't already put too much time into this. I will be sending through a new brief but the requirements have changed a little. Would you be interested in doing any website design? I am happy to meet to discuss this with you - in the meantime if you would like to check out Hand Stands For Ants their myspace is www.myspace.com/handstandsforants

Thanks, and please feel free to call me if you would like to discuss this.
