

UPON THE
SHORES

And about merch designs, Here is a list of ideas i gave the rest of the graphic designers:

Merch Ideas:

Idea 1:

Cartoon robot with human brain in a glass bowl (the top of his head)
then a robot body with human organs in jars and glass bowls surrounding him all plugged into him.

Idea 2:

Cartoon-sketch style picture of a “hardcore kid” with stretchers, tats, flanno shirt buttoned up and trucker hat. Upon The Shores across the top

Idea 3:

Upon the Shores across the front
2 dice across the back with “throw the dice bitch”

Idea 4:

Upon the shores across the front in a more (angry?) font and “My fate has been decided” across the back

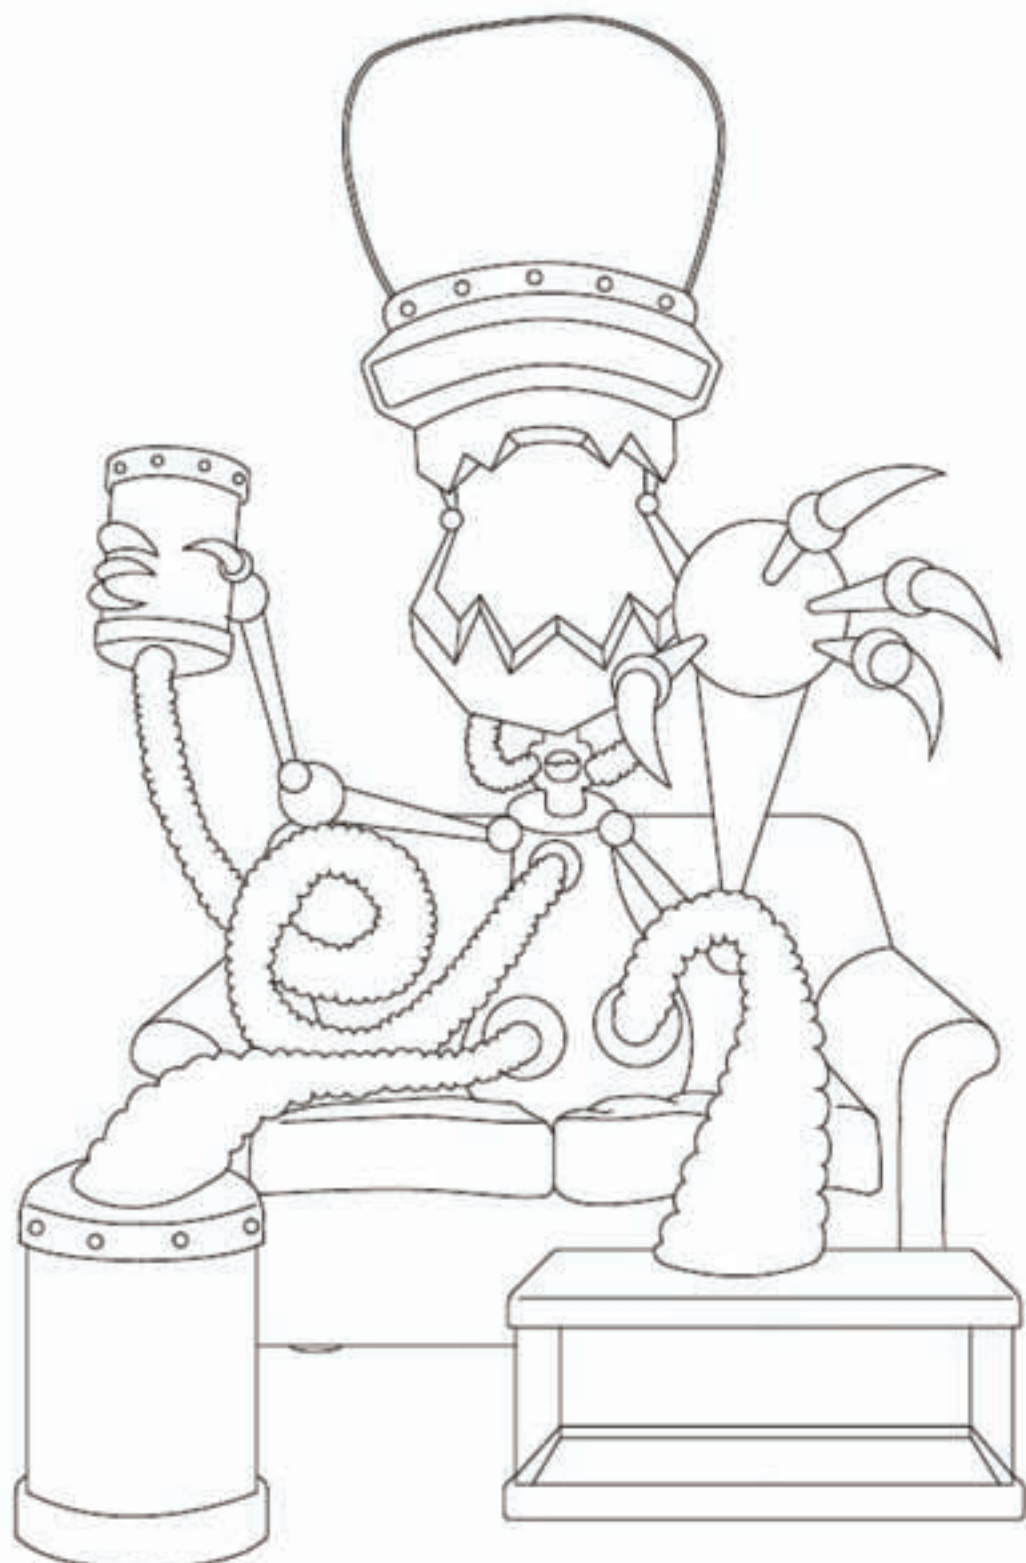

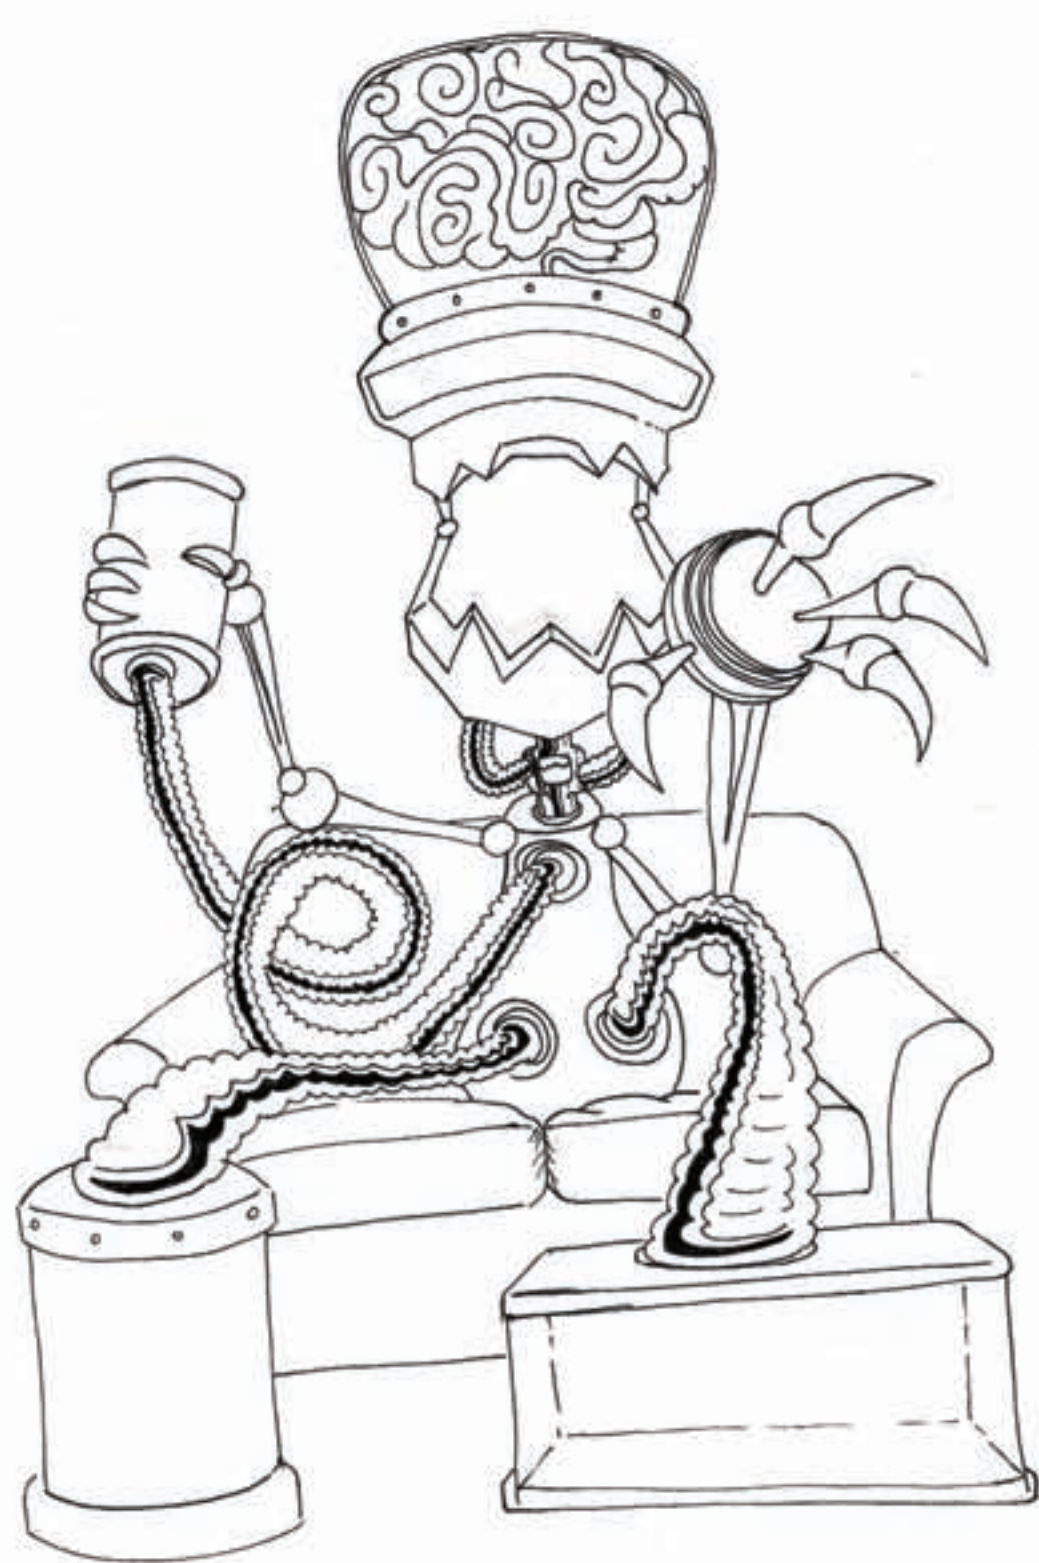

Idea 5:

Upon The Shores logo across the front

The guys have just told me that they don't like the first bit of their idea, with the cartoon robot with human brain in glass jar etc.

so if you could just work on the other ideas that would be great :)

Hey Aiden,

Just letting you know in case you don't already, i am currently teamed up with Mayo Kikuchi and Puji Lestari. Don't know if they are in the same class as you or not. I met Mayo on the day we came over to your TAFE campus and 2 days ago she has emailed me 3 different types of logos she has done up. Puji Lestari has just got in contact with me the other day and i have sent Puji info on what my band, Upon The Shores want for a logo. So Puji is working on it at this moment. Just so you know whats going on with the other graphic designers.

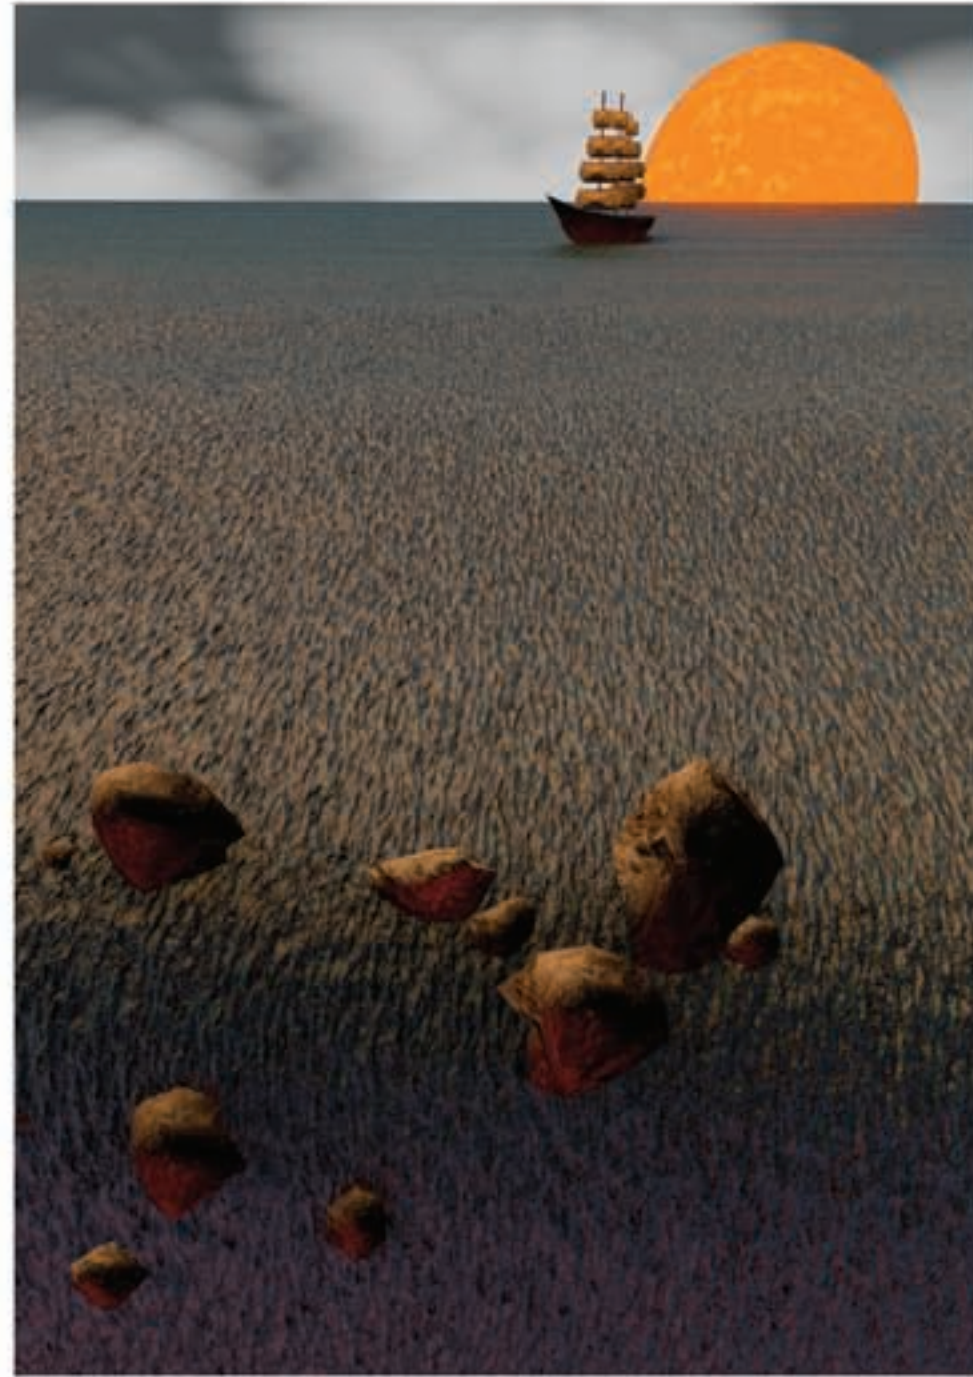

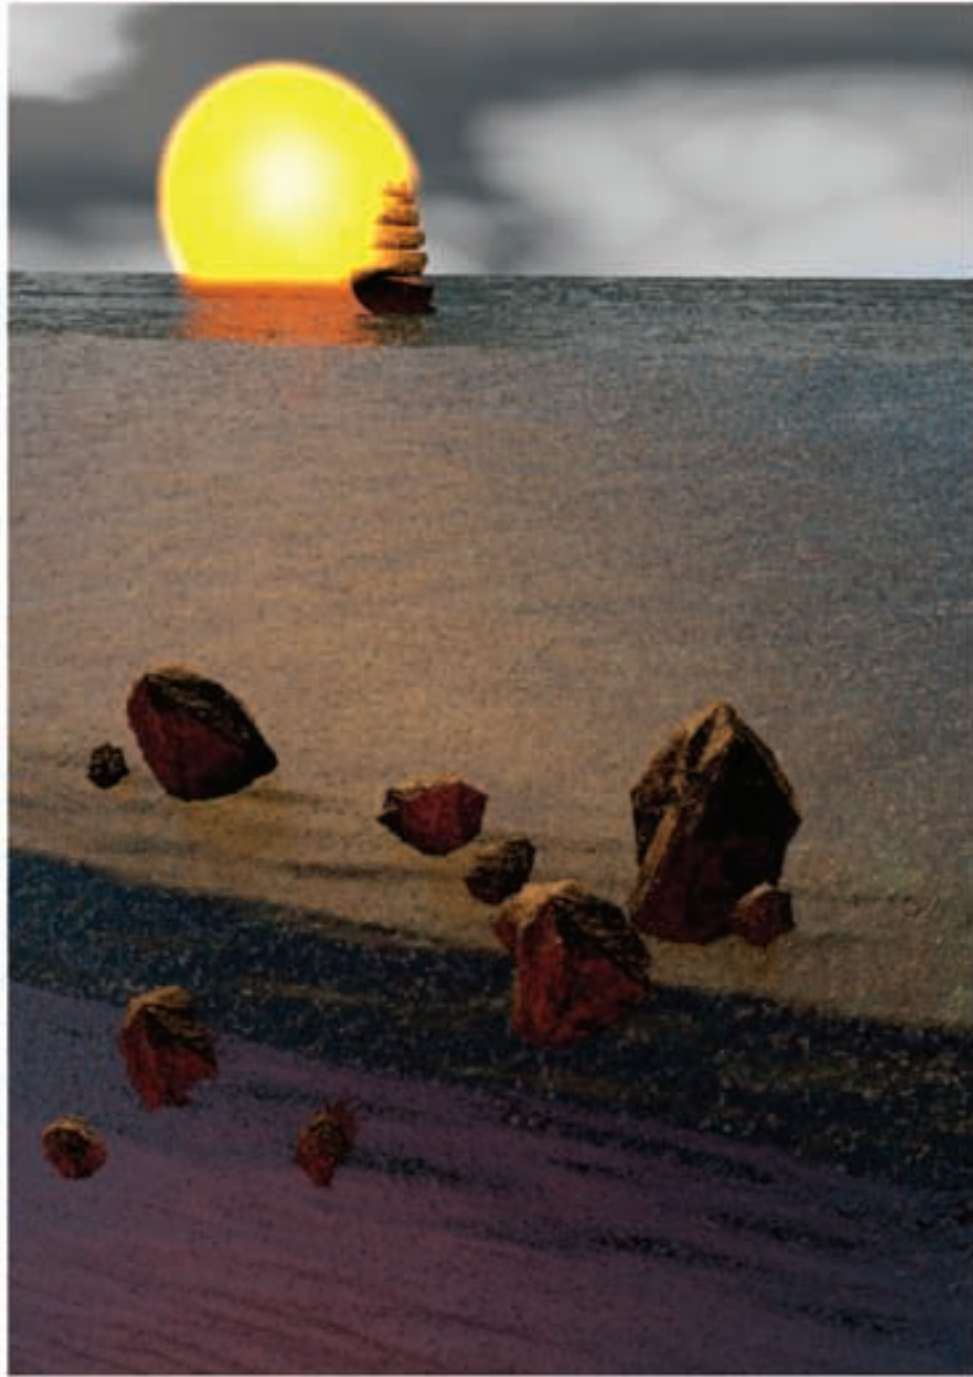

All we want from our graphic designers is a logo, merch designs, poster design for a gig we have at HQ on the 25th of June and possibly a myspace design.

Yes that is my number. If you prefer to meet up in order to get a clear idea of what you need to do then we can do that.

Thanks

Loatta
