

Mural Design Submission Pro Forma

| | |
|----------------------------|--|
| Proposal: | The wall will be covered with a 2mm thick aluminium sheets with printed self adhesive over the top showcasing a snapshot of our history. |
| Design Summary: | The design on the wall will represent a history of Western Australia, rather than showing an overwhelming history it will show abstract snapshots of the past. These snapshots will involve the viewer by allowing them to interpret the history rather than being told. |
| Location and size: | 2.9m x 54m wall opposite Museum. |
| Material and installation: | 2mm aluminium with solvent printed self adhesive vinyl with a graffiti coating. |
| Timing: | 2 weeks to be printed and installed. |
| Funding: | The estimated cost is \$15,000 to be printed and installed by All Flags (Maddington). |
| Other: | The self adhesive vinyl is coated in a graffiti proof film so it can be cleaned off with a solvent. |

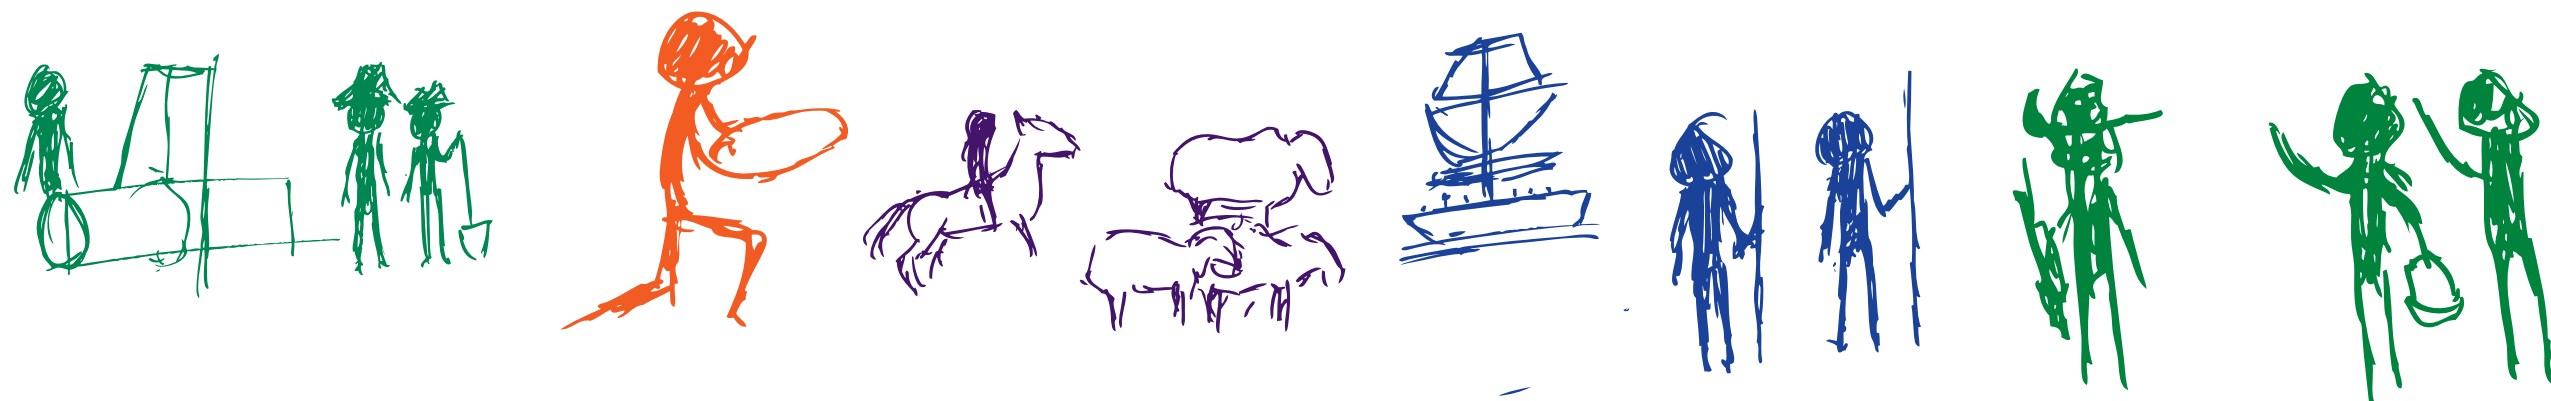

Modern Mark making

The design uses modern mark making to represent snapshots of history. The marks are rough so they provide interest in themselves as well as the entire image. This allows the viewer to study the shapes and create their own history within the marks.
